

Business Leadership in Sustainability Award

World Green Building Council Asia Pacific Leadership in Green Building Awards 2022

Nominations open: 27 March - 15 July 2022

ASIA PACIFIC REGIONAL
NETWORK

**CRISTINA GAMBOA,
CEO,
WORLD GREEN BUILDING COUNCIL**

"The Asia Pacific region has the unparalleled opportunity to share with the world its journey in securing low carbon and sustainable built environments. We look forward to receiving high quality nominations from industry leaders and groundbreaking infrastructure projects that demonstrate the viability of these much-needed solutions for both people and planet, whilst inspiring all of us to deliver them at scale."

ASIA PACIFIC REGIONAL
NETWORK

**CARY CHAN,
EXECUTIVE DIRECTOR OF HONG KONG GREEN
BUILDING COUNCIL
CHAIR OF ASIA PACIFIC REGIONAL NETWORK**

"The 21st century belongs to the Asia-Pacific. New Global Leaders are emerging from this region in every sector. The APN Award is a wonderful platform to recognise the contribution of such stakeholders whose actions and accomplishments have set new benchmarks."

The pandemic has changed our perspectives towards Nature and Climate Change. In this scenario, we envisage the participation of Business Leaders, Projects and Women who give us more hope and continue to inspire millions to join the movement towards a sustainable built environment which is healthy, resource-efficient and resilient."

**ANAND MUTHUKRISHNAN,
PRINCIPAL COUNSELLOR, INDIA GREEN
BUILDING COUNCIL
VICE CHAIR OF ASIA PACIFIC REGIONAL
NETWORK**

ABOUT THE AWARDS

The Asia Pacific Leadership in Green Building Awards has been showcasing pioneering people, organisations and projects behind the sustainable building movement across Asia since 2014. This year, the awards will be celebrated during a pivotal event in WorldGBC's calendar: The 2022 Asia Pacific Network Festival.

2020 winners:

ASIA PACIFIC
REGIONAL
NETWORK

Led by the WorldGBC Asia Pacific Network, together with 15 Green Building Councils across the region, the awards contain three categories: celebrating the inspiring business leaders by example, iconic buildings showcasing the best in green design and inspiring female leadership across the region. All of these align with WorldGBC's latest strategic impact areas and our Beyond the Business Case Report, helping to create a more purposeful and empowering sustainable environment in the Asia Pacific region.

Green building has reached a new horizon in the region, thanks to the industry's vision and innovation. To reflect this evolution, the 2022 Awards will focus on alignment with WorldGBC's three impact areas: Climate Action - Advancing Net Zero, Health & Wellbeing and Resource & Circularity.

The purpose of the Business Leadership in Sustainability Awards is to celebrate companies that have made sustainability (social, economic and environmental) part of their core business model and are contributing to the transition towards a sustainable built environment.

NOMINATION PROCESS & ELIGIBILITY

The awards are managed nationally by each Green Building Council within the region. Nominations, supporting documentation and nomination fee should be submitted to your local GBC. The preference is for nominations to come from within the local Green Building Council membership. Nomination applicability will ultimately rest with the local GBCs.

NOMINATION FEE

The award nomination will incur an administration fee of US\$200 payable to your local GBC. Please check with your local GBC for payment details.

The awards will again nominate five winners in the following categories:

- 1. Business Leadership in Sustainability Award:** Recognises companies that embed sustainability into their corporate DNA to create positive impact on the people, economies and our planet.
- 2. Leadership in Sustainable Design and Performance Award:** Presented to pioneering green building projects that are dedicated to advancing climate action, health & wellbeing, and resources & circularity.
- 3. Women in Green Building Leadership Award:** Celebrate female trailblazers who make extraordinary contributions to sustainable development, fueling ambitious young women and catalysing change.

GUIDELINES FOR SUBMISSION

The supporting documents will only serve as additional information to substantiate or reinforce the submission write-up for the jury panel's reference, where necessary. It is not an extension of the write-up and the jury panel is not obliged to assess based on the supporting documents.

Nominee's Statement:

In not more than 500 words, provide a short overview of your company's achievements and how you meet the criteria for the award. This will be used for marketing and communication purposes.

Please limit to 500 words

CRITERIA

For the next section, please provide a concise statement (up to 500 words) as to why your organisation is a leader in green buildings. You could explain why you align with the Beyond the Business Case Report and are passionate about the green building movement.

What makes your organisation a leader?

Please limit to 500 words

BUSINESS LEADERSHIP IN SUSTAINABILITY

The business leaders should align with WorldGBC's latest Beyond the Business Case Report.

PLANNING TO SUCCEED: CORPORATE SUSTAINABILITY STRATEGY & POLICIES

Please consider the following questions when compiling responses to this application, and provide information where possible. If there is insufficient information to answer the question, write "N/A." Please limit answers to 400 – 600 words and attach supporting documents where further explanation is necessary.

How does your company demonstrate the leadership sustainability strategy aligned with Beyond the Business Case report?

Please limit to 600 words

What is your corporate sustainability strategy and how are your short/long-term goals, programmes and indicators aligned in order to deliver to this strategy?

Please limit to 600 words

What policies (both internal and external) are in place to ensure sustainability is embedded in the organisation? Please provide a summary, including relevant third party verification and certifications.

Please limit to 600 words

DELIVERING OUTCOMES: IMPLEMENTATION & IMPACT

What are the measurable strategies that are in place with aligning with Beyond the Business Case report?

Please limit to 600 words

How are management and staff aligned and engaged in the sustainability strategy and policies?

Please limit to 600 words

How does your company track the impact of its strategy, as well as internal and external policies (e.g. CO2 emissions reduced, number of people trained, increase in productivity etc.). Please provide any additional information that you feel is unique to industry practise.

Please limit to 600 words

REACHING OUTWARDS: KNOWLEDGE SHARING AND COLLABORATIONS

How does your company showcase its best practises and promote sustainability in the sector (i.e. thought leadership white papers, knowledge sharing/education seminars, publications, senior management presentations etc.)?

Please limit to 600 words

How does your company reach out to other organisations (complementary segments of the industry, research institutes etc.) to promote partnerships and collaborations?

Please limit to 600 words

How does your company commit to the continuing professional education of your workforce?

Please limit to 600 words
