THYNK Unlimited

+ TURN OUT

400 Students in 2 Days

As part of the show's commitment to raising awareness about sustainable living, the Painting Competition provides an excellent opportunity for young talents to showcase their artistic skills and their vision for a greener future. This first-of-its-kind event aimed to foster creativity, environmental consciousness, and sustainability among young artists. The Painting Competition was open to young artists between the age group of upto 3 -15 years.

Participants were allowed to unleash their creativity and express their thoughts on sustainability and environmental preservation through their artwork. This initiative aimed to encourage young minds to think innovatively about environmental preservation and sustainable practices.

Get to Know

OUR VISION

Confederation of Indian Industry has initiated the National green building movement by establishing Indian Green Building Council (IGBC) in 2001. The vision of the council is, "To enable a sustainable built environment for all and facilitate India to be one of the global leaders in the sustainable built environment by 2025".

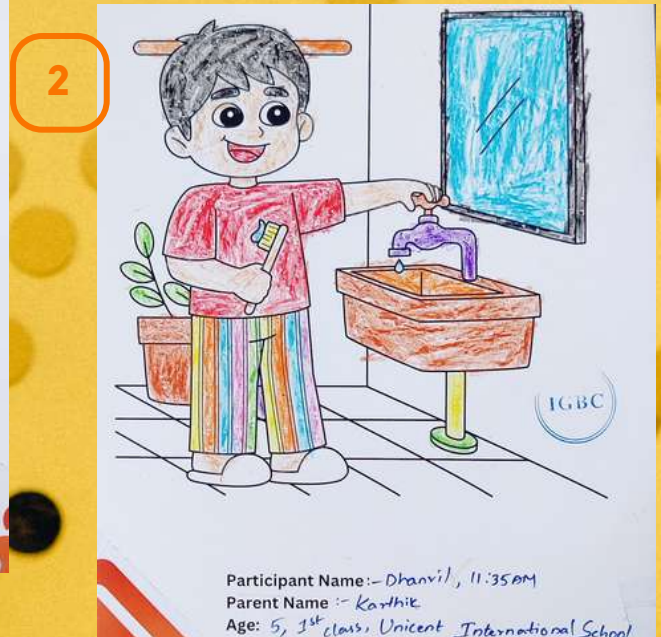

IGBC firmly believes that nurturing creativity and environmental consciousness from an early age can pave the way for a more sustainable future.
